# Raghava Sai Mounica

Former consultant and team lead, now seeking opportunities to leverage expertise in PLM system
Berlin, Germany | +49 15566442611 | raghavasaimounica@icloud.com

## PROFESSIONAL SUMMARY

A former consultant with over six years of experience at Capgemini, specialising in PLM (Product Lifecycle Management) processes. Worked closely with business units, consulting on PLM solutions, identifying system issues, and driving improvements in document delivery processes. Proficient in Windchill PLM and experienced in developing test scenarios, troubleshooting, and managing technical documentation. Skilled in bridging the gap between technical teams and business stakeholders, ensuring seamless implementation and integration of PLM systems.

## WORK EXPERIENCE

**Capgemini | Consultant**
Jun 2017 – Nov 2023 | Bengaluru, India

- Led the analysis and migration of core enterprise applications, including Digital Search & Delivery (DSD), for client TE Connectivity, driving improvements in document delivery processes.
- Worked closely with clients to assess business needs, translating them into technical requirements and contributing to the implementation of PLM software solutions.
- Developed test scenarios, estimated test efforts, and created test plans.
- Managed teams, building strong client relationships and contributing to business development initiatives.
- Provided technical support for DMTEC, Doclink and PDMLINK systems identifying system issues, troubleshooting, and managing technical documentation.
- Managed product change management processes, ensuring proper tracking of revisions, releases, and configurations, and aligning with industry standards and regulatory requirements

## SKILLS
